Tidbit

Creative Word Game

Good for Laughs

Competitive Strategy

Social Persuasion

Ready for a bite-sized battle of words and wits? In Tidbit, Players (or teams) claim cards by identifying words connected to themes in a row (horizontal, vertical, or diagonal). They will need to be clever and pay attention as others may be vying for the same cards!

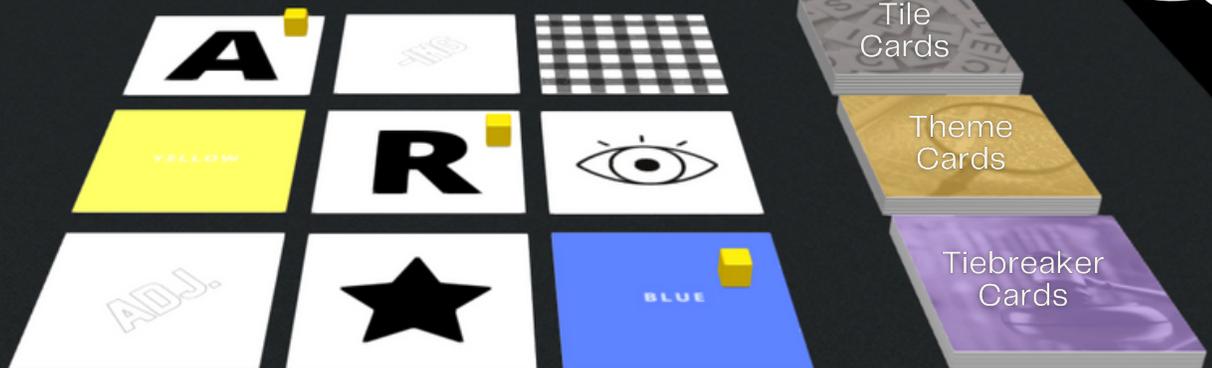

After a series of 4 rounds, players count up their cards to determine the winner. But that's not all. There's another title up for grabs! With their claimed cards, players create a final word. Whoever uses the most cards earns the prestigious title, "Word of the Day."

"Water!"

Game Set-up Tableau

Player Tokens

Game Components

- 67 Tile Cards (Gray)
